Fee Schedule

The fees at Renewal Christian Counseling Center have been set at competitive rates of:

\$190 per 30-40 minute Psychiatric Assessment with a Psychiatrist
\$155 per 45-60 minute session for a Social Work Assessment (Initial Meeting)
\$125 per 45-60 minute psychotherapy session (family or individual)
\$80 per 15-20 minute medication review with a Psychiatrist

At Renewal Center, we want counseling to be affordable to all. In order to assist our clients who do not have insurance coverage, we have established a cash sliding fee scale that is applied based on family income levels. You may take advantage of this fee reduction if your family income is below \$120,000 per year and you can provide Renewal Center with your 1040 tax report or other proof of income to demonstrate your income level.

A reduced fee will be worked out according to the following schedule:
